## MANUFACTURER'S CERTIFICATE FOR FAO-IPPC-ISPM 15 REGULATION

(This document is not required by import regulation, it is voluntarily issued)

We confirm that the P.A.C.K. Flightcases GmbH & Co. KG, Flightcase produced packing equipment such as Flightcase or wooden transport boxes are manufactured and produced with PROCESSED WOOD (Plywood)

After drying the wood at 300F degrees to an moisture content of only 4%. It is moulded in addition with synthetical binder under a pressure of approx, 1300 psi and 400 F degrees.  
This moulding process can not be survived by any living plant pests.

Therefore our Flightcases are entirely composed of manufactured wood according to  
The international guidelines for phytosanitary measures IPPC-ISPM 15.

**We confirm that these Flightcases and the used plywood are considered  
As sufficiently processed and totally free from any plant pests according  
FAO-IPPC-ISPM15**

Holger-Matthias Huth
